(COMMENTS) TSS PROGRAM FY 53

Kilbourne Johnston, 14 Mar 52, TOP SECRET
(TS# 68548)

25X1

25X1 Memorandum to DDP fr ADPC favorably endorsing de Florez Program and urging its favorable consideration by DDP. ADPC is not so concerned with the [] price tag as with the prospect of having a beefed up TSS to handle ADSO research needs.

25X1 Note: Just a year ago [] had recommended to ADPC that OPC stop needling DDA to position R&D at CIA level because there was little hope it would get leadership at that level OPC wanted. Now OPC sees hope of a strong R&D.
